

Government of Uttar Pradesh

District Hapur

Guidelines for Community-Based Flood Adaptation through NGO Engagement, 2026

1. Objective:

To institutionalize the role of NGOs and localized institutions in supporting flood risk reduction in Hapur through non-structural and ecosystem-based adaptation measures.

2. Scope:

Applicable to registered NGOs, CBOs, Ganga Prahari members, and RWAs operating in flood-prone zones of Hapur.

3. Areas of NGO Engagement:

A. Floodplain Monitoring and Encroachment Reporting:

- Assist in GIS mapping of floodplain boundaries.
- Conduct periodic field verification.
- Report new encroachments.
- Conduct awareness campaigns.

B. Community-Based Flood Preparedness:

- Organize mock drills with DDMA.
- Promote flood-resilient housing practices.
- Facilitate evacuation planning.

C. Natural Drainage and Wetland Restoration:

- Identify and document wetlands.
- Support pond desilting through MGNREGA convergence.
- Conduct plantation drives along drainage corridors.
- Report illegal landfill activities.

D. Urban Drainage Monitoring:

- Map clogged drains and waterlogging hotspots.
- Conduct social audits of pre-monsoon desilting.
- Promote anti-dumping campaigns.

E. Embankment Vigilance and Bio-Stabilization:

- Report erosion points and vulnerabilities.
- Monitor illegal sand mining.
- Undertake vegetation stabilization.

4. Flood Resilience Performance Index (FRPI):

Weightage Structure:

- Floodplain Monitoring: 30%
- Wetland & Drainage Restoration: 30%
- Urban Drainage Oversight: 20%
- Community Preparedness: 10%
- Embankment Vigilance: 10%

5. Incentives:

Gold (85+), Silver (70–84), Bronze (50–69).

Eligible NGOs may receive grants, recognition certificates, and priority district partnerships.

6. Institutional Framework:

District Magistrate as Nodal Authority.

Quarterly review under DDMA.

Technical committee validation of NGO data.

7. Data Integration:

Verified data shall be incorporated into the District Disaster Management Plan and updated annually.

8. Funding:

District Disaster Mitigation Funds, SDRF (as applicable), MGNREGA convergence, CSR partnerships.

9. Limitation of Role:

NGOs shall not undertake demolition, major structural embankment reconstruction, or hydraulic infrastructure execution.
